

APPRENTICESHIP GATEWAY PROGRAM

RobLawMax are proud to announce our Apprenticeship Gateway Program. Our plan is to provide pathways for fit, willing and capable people to enter Apprenticeship training and begin their career in Carpentry!

We have structured the Gateway Program to intensively develop our candidates to maximise value our clients as quickly as possible, as well as helping foster the necessary skillsets for them to have a successful career in the industry. Successful candidates who enter our gateway program will be subject to rigorous vetting and on-going support throughout their time in the program.

How engaging one of our Gateway Candidates will benefit you:

- An opportunity to engage and develop the potential future skilled workforce for your company, without the initial commitment of taking these individuals on as apprentices directly
- Exposure to a selection of keen, motivated candidates that are there to learn and develop their career – all candidates are subject to strict vetting to ensure they are committed to an apprenticeship
- Reduced rates for apprentices - get a better quality, better equipped candidate for lower charge rate
- RLM will be in partnership with BCITO to facilitate apprentice training

Key Benefits to Candidates:

- A gateway into the construction industry with an opportunity to work and learn with some of the best construction and building companies in the country
- Support and guidance to start career in construction and building
- A permanent contract from RobLawMax
- Paid training days
- RLM provides hourly tool allowance, and a \$1500 tool grant at the end of first year of apprenticeship
- RLM can support the purchase of tools for our candidates and offer affordable payment options
